The chalet was built in the late 60' and has undergone few changes since except for maintenance which is to a good standard. The furniture is of the same period as the chalet but by no means tatty. The living room, kitchen and sunny terrace overlook the valley.

Capacity for up to 15 persons. However, Everyone cannot sit down for meals at the same time as you can see from the pictures. This is why we recommend this chalet for families with as one you have to eat in "shifts".

Catered or B&B chalet "C12":

If you do not want to worry about meals and cleaning during your holiday, this chalet could be for you! Chalet C12 is located in a quiet residential neighbourhood of Arinsal, just 200 meters from the gondola that takes you to the Arinsal Pal ski resort. The South facing chalet is surrounded by 1000 square meters of private garden. It is not luxurious but very welcoming, clean and warm.

This chalet is a wonderful solution if you do not mind meeting people (unless you rent the entire chalet of course). Many evenings are spent around the fire place in winter or in the garden around the pool during the summer months, with guests comparing their daily adventures, mishaps and achievements on the mountain. The owners do their utmost to ensure each guest's privacy.

Cable internet connection, video/CD/DVD player and TV in the living room. Cot, pram, high chair and potty available. The outdoor swimming pool is filled from a mountain source meaning that the water is crystal clear but rather refreshing to say the least!

Cleaning and daily change of towels and sheets included. Minimum service: half-board during high season, B&B for all other seasons.

You rent either half of the chalet (maximum 6 guests, either on the first or second floor) or the entire chalet (maximum 12 guests)..

You will NOT have to share bedroom areas or bathrooms with guests you do not know. Each family or group of friends will have their own floor. For example, a couple with 2 children would be given ALL the bedrooms on the 2nd floor even if the total capacity is for 6 persons.

Important: unlike our apartments "B4", "B6" and our chalet "C10", properties N6, C12 and C14 are not ours. They belong to friends of ours and we manage all the rentals for them.

The Village of Arinsal:

Services close to all properties (meaning not having to take the car, max. 400m):

4 restaurants, 5 pubs, bread shop, 6 cafés, bank, car rental, a cyber-café, a mineral water fountain, 2 ski rental shops, ski pass purchase, cable car, pharmacy, 2 small supermarkets and 1 disco. None of the above mentioned services are located in or close to the building and thus do not create a disturbance at night. Some of them may close during the low season.

Things to do all year round near your holiday apartment or chalet:

Winter:

Skiing, Caldea (Europe's largest recreational spa), cultural visits, helicopter flights, tax-free shopping, après-ski...

The resorts of Pal and Arinsal form a single resort, linked by a cable car and a single ski pass. You thus have a fantastic ski resort right in front of your door step: 63 km of pistes (4 greens, 16 blues, 16 reds and 5 blacks) spread over over 700 ha and from 1'550m to 2'560m, 31 ski lifts, 2 ski schools with 140 ski teachers and 350 snow cannons which guarantee good conditions from the beginning of December to the end of April. Your pass is also valid for the Ordino/Arcalis resort at no extra cost! Check the winter activities section on our website for details.

With the rental of your apartment or chalet, you have a 10% discount on all ski passes for the Arinsal-Pal and Arcalis resorts, on the "All-Andorra" ski pass, on ski rental!

Summer:

Trekking, Caldea (Europe's largest recreational spa), cultural visits, horseback riding, mountain biking, trout fishing, 4x4, golf (there's a pitch & putt 10 min from your apartment or chalet and 3 18-hole courses at a 1-hour drive), indoor and outdoor pools, mountain biking, tax-free shopping (8 km) etc etc. Check our summer activity page for details.

Arinsal is surrounded by Andorra's highest peaks such as the Coma Pedrosa (2'942m), ideal for trekking.

With the rental of your apartment or chalet, you have a 10% discount on entrances and treatments at Caldea, Europe's largest recreational spa!

There are many fantastic excursions you can do on well marked trails which start right from your door step such as the Coma Pedrosa (2'942m), Andorra's highest peak, the Pic de Médécourbe (2'914m) and many others. What's more, there are 3 free mountain huts at a 1h30min. hike from the village as well as 7 mountain lakes! The GR 11 passes through Arinsal and the GRP passes just above!

Still need convincing?

Although many people have heard of Andorra with its kilometres of tax-free shopping and its five ski resorts, only very few have actually ventured further than the Pas de la Casa or Andorra la Vella where a different world awaits them, still untouched by mass tourism and far away from the main shopping streets: mountains ranging up to almost 3'000m, quiet and beautiful valleys, mountain lakes that contain trout, forests with crystal streams...

Arinsal is located amongst this tranquillity, in one of Andorra's prettiest valleys. Arinsal, along with Ordino and Pal, is one of the few villages in Andorra that has kept its charm without being invaded by huge hotels, mass tourism and the never ending coming and going of coaches. Although Arinsal does get animated during the winter months with a few pubs and discos, the rest of the year, you will just find a peaceful and quiet mountain village. True, Arinsal is quite a ways from Pas de la Casa and Andorra la Vella. Those only looking to buy cheap alcohol and petrol will not find what they are looking for in Arinsal. The pictures on our web site www.hola-andorra.com speak for themselves... what a contrast!

Who is Arinsal for?

In the winter, the main activity is obviously skiing followed by "après-ski" for which Arinsal is well known for. In the spring time and fall, Arinsal is for those looking for a quiet and relaxing holiday, combined with a few walks in the mountains and cultural visits. During the summer months, a whole range of activities awaits you, from mountain biking, via trout fishing and trekking to doing absolutely nothing!
